1. Restriction Requirement.

The Examiner has determined that the application contains claims directed to patentably distinct species. Accordingly, election has been required.

In response, the Applicant hereby elects Species 1 (Claims 1-8), drawn to a system for providing individualized doses and classified in class 53 subclass 55. The applicant withdraws claims 9 - 35 subject to the provisions of 37 CFR 1.141 with regard to consideration of claims drawn to an additional species once generic claims are allowed.

Additionally, please update the correspondence address. Forms were filed in February but the restriction requirement was received at the prior address. The new mailing address for customer number 26994 is as follows:

Rastar Corporation
